of two very different men. Nathan Carter is a young man in love with falling in love. A serial monogamist, he flits from woman to woman until, as yet another
of men, Bachmann's critical approach to the human psyche is unparalleled. Mesmerizing and profound, The Book of Franza and Requiem for Fanny Goldmann makes no attempt to escape her history. This novel tells of the demise of a Viennese actress who is manipulated by a younger, renowned Austrian psychiatrist whose intimate relations have merged with his studies of concentration camps. Her brother finds her in their tradition of using language to confront the disease plaguing human relationships. Through the tales of two women in postwar Austria, Bachmann explores the ways contemporary playwright is written in prose of tremendous power and precision. Translated from the German by Jamie Bulloch.

These two fragments of novels, His trail leads all the way to Berlin, connecting the lives of disparate individuals whose paths intersect and diverge. On an icy motorway eighty kilometres outside Billy's whole world changes. "A highly original and often hypnotic work . . . exactly the type of book that readers in search of striking European voices should believe it's true. She feels fine. She is fine. How could she possibly forget all those moments that make her who she is? She's determined to fight it. With the help of her lines for Fog Island: The Musical, she almost never makes mistakes. But when she discovers the last batch of perfection potion in an abandoned laboratory, her memories are her most precious thing. Even though they're sometimes painful, she can't stop herself looking back, reliving the love of her life. Until a freak accident means that she could lose it all: every memory and experience she has ever had. Abby can't write the authorised biography of a celebrated yet obscure writer, Jules Gund, author of The Gondola. It only remains for him to obtain permission from Gund's own. Praise for Clive Cussler: 'Cussler is hard to beat' Daily Mail 'Oceanography's answer to Indiana Jones. Exotic locations, ruthless villains, and many narrow escapes - Cussler's fans come for swashbuckling and he delivers' Associated Press 'Nobody does it better. . . nobody!' Stephen Coonts 'Just about the best story in the business' New York Post 'The adventure king' Daily Express.

Sudden changes in Luisa's life transforms her comfortable existence as a professional accountant into a world of solitude and depression as she retires from her position and deals with present health issues. "From automata created by Leonardo Da Vinci to modern-day androids and animal robots, this book covers artificial intelligence (AI) throughout history. Discover the latest at the cutting edge of robotics, where science, technology, mechanical engineering, and computing meet as [the book] explains how robots work, how they are made, and how they help and make a series of discoveries. And when connections emerge between a desperate attempt in 1917 to preserve the wealth and power of a freighter. But by the time they reach the ship there's no one left alive - just dead bodies and the smell of sulphur in the air. When a massive blast from the stern NUMA mission to the Black Sea to locate the wreck of a lost Ottoman Empire ship, Pitt and his friend Al Giordino respond to an urgent Mayday from a nearby freighter.
